PROFESSIONAL SUMMARY

High-impact Product Designer with 3+ years delivering user-centered digital solutions in fintech and telecom. Excellent at transforming complex needs into scalable design systems, high-fidelity prototypes, and accessible interfaces. Proven collaborator in Agile environments, driving brand consistency, faster delivery, and measurable business results for millions of users.

PROFESSIONAL EXPERIENCE

MIREPA CAPITAL - Design Engineer | Accra, Ghana

Jan - Mar 2026 (Contract)

- Migrated four websites to separate Squarespace accounts, completing full migration in three months.
- Designed and implemented brand identity refresh, including new logo and consistent design system across all sites.
- Developed custom CSS and AI-assisted interactions from scratch in Squarespace to enhance user experience.

GCB BANK PLC - Product Designer (UX/UI) | Accra, Ghana

Oct 2024 – Present

- Engineered enterprise design system with tokens/variables, accelerating UI delivery by 30% while ensuring brand consistency.
- Co-designed refreshed GCB Mobile App and ATM interfaces, delivering premium UI for 1M+ customers.
- Launched inclusive digital account-opening portal, minimizing friction and meeting accessibility standards.

WEBSOFT INC - Product Designer (Contract) | Remote

Aug 2023 – Jan 2024

- Led end-to-end design for BIIA mobile app: layouts, icons, and interactive prototypes from discovery to launch.
- Iterated designs via user feedback and constraints, driving 400+ successful onboardings in first month.

BSYSTEMS LIMITED - Product Designer | Accra, Ghana

Oct 2022 – Jun 2023

- Conducted 30+ user interviews and tests, redesigning flows that boosted engagement by 15%.
- Delivered 50+ production-ready UI assets and maintained brand kit for seamless developer handoff.

CORE COMPETENCIES

- UI/UX Design: Figma, wireframing, prototyping, user flows, mockups.
- Systems: Design tokens, WCAG accessibility, information architecture.
- AI-Driven: Rapid iteration with AI tools, generative UI, automated workflows.
- Tools: Figma, Adobe Suite, Framer, Cursor, Gemini, ChatGPT, Squarespace.

ACHIEVEMENTS

- Contributed to GCB Mobile App design, reaching 1M+ downloads.
- Co-led Department Management System for University of Ghana Computer Science

EDUCATION & CERTIFICATIONS

- BSc Information Technology, University of Ghana, Legon.
- Google UX Design Professional Certificate (Agile/Scrum).
- Anthropic AI Fluency Framework & Foundations.
